

Disabled Adventure Outfitters  
**Adult Adventure Camp**

For persons with bleeding disorders (including carriers) age 19 and older

**Sunday, July 18 - Saturday, July 24, 2010**

**Registration Form**

**Please complete this form** and return it with your check made out for \$10.00 to Disabled Adventure Outfitters, PO Box 152, Arcata, CA 95518-0152. We must receive your **completed** registration (FIVE pages including medical history and acknowledgment of risk forms), and registration fee, postmarked by the **registration deadline - (Monday, June 28)**. You will either be assigned a spot or placed on a waiting list (if the camp is full), and will be notified of your standing. We will place registrants as we receive **complete** applications. There are sixteen slots available for this camp, to be filled on a first come, first served basis, so don't delay. Once you are registered you will receive directions and further information about the camp.

Participant name \_\_\_\_\_ Date of birth \_\_\_\_\_

=====

**\*\*\* This is NOT kids' hemophilia summer camp! \*\*\***

**\*\*\* You MUST be able to self-treat for your bleeding disorder (if you treat) \*\*\***

**\*\*\* You will be expected to bring your own medications and infusion supplies \*\*\***

**\*\*\* Bring enough meds for a high-activity week - plus a trauma dose \*\*\***

**\*\*\* DAO will NOT have extra factor medication on hand \*\*\***

=====

*If you run out of a particular medication you may have to leave, as the nearest pharmacies can be 20 to 100 miles away. Please bring enough medications for a week. Bring enough to cover you during high activity levels (i.e. prophylaxis). You must also bring your own infusion supplies, as camp does not provide these. Use the camp sharps container or your own - Do **not** throw your infusion trash in the regular camp trash, as this is unsanitary, and camp staff sorts through the trash for burning.*

**Initial here that you have read, and understand, the above paragraph (\_\_\_\_\_)**

**Photo/Video Release**

Disabled Adventure Outfitters (DAO) reserves the right to take photographic and video records of any trip. Participant and Participant's Guardian hereby agree that DAO may use such photos and/or videos for promotional purposes.

## VISITORS ACKNOWLEDGEMENT OF RISKS

In consideration of the services of Disabled Adventure Outfitters, their officers, agents, employees, stockholders, and all other persons or entities associated with those businesses (hereinafter collectively referred to as "DAO"). I agree as follows:

Although DAO has taken reasonable steps to provide you with appropriate equipment and skilled guides so you can enjoy an activity for which you may not be skilled, we wish to remind you this activity is not without risk. Certain risks cannot be eliminated without destroying the unique character of this activity. The same elements that contribute to the unique character of this activity can be causes of loss of or damage to your equipment, accidental injury or illness or, in extreme cases, permanent trauma or death. We do not want to frighten you or reduce your enthusiasm for this activity, but we do think it is important for you to know in advance what to expect and to be informed of the inherent risks. The following describes some, but not all, of those risks:

Whitewater rapids will be encountered. I can be jolted, jarred, bounce, and shaken about during rides through some of these rapids. It is possible that I could be injured if I come in contact with food boxes, other storage containers, or other fixed equipment necessary to the operation of the expedition and the outfitting of the raft. Rafts could turn over or I could be "washed" overboard. I can slip or fall during a hike, resulting in damage to equipment or personal injury. Accidents can occur getting on and off the raft. Rafts are slippery when wet. Exposure to the natural elements can be uncomfortable and/or harmful. I am aware that this exposure could cause sunburn, dehydration, heat exhaustion, heat stroke, and heat cramps. Also prolonged exposure to cold water can result in hypothermia and in extreme cases death and accidental drowning is also a possibility. Guides can make mistakes.

I am aware that this activity entails risks of injury or death to myself. I understand that the description of these risks is not complete and that other unknown or unanticipated risks may result in injury or death. I agree to assume responsibility for the risks identified herein and those risks not specifically identified. My participation in this activity is purely voluntary, no one is forcing me to participate, and I elect to participate in spite of the risks.

I certify that I am fully capable of participating in this activity. Therefore, I assume full responsibility for myself, including my minor children, for bodily injury, death, and loss of personal property and expenses thereof as a result of those inherent risks and dangers and of my negligence in participating in this activity.

I have read, understood, and accepted the terms and conditions stated herein and acknowledge that this agreement shall be effective and binding upon myself, my heirs, assigns, personal representative, estate and for all members of my family, including any and minors accompanying me. I acknowledge I am not relying on any oral, written, or visual representations or statements made by DAO including those made in its brochures or other promotional material, to induce me to participate in this activity.

## Taking Off Our Hats Policy

DAO Adventure Camps are outdoor camp programs for teens and adults in the Northern and Central California regions with bleeding disorders. These camping experiences are designed in such a way to empower and instill independence, personal growth, and provide participants with a better understanding and management of their bleeding disorders in the face of life's many challenges. DAO programs are funded in large part by donations from companies that provide services and products to members of the community. In the interest of fairness to participants, volunteer staff, and the companies they represent, DAO has instituted the following policy:

DAO Adventure Camps are both staffed and attended by many community volunteers who may or may not work in businesses which have a direct profit benefit from the sale and/or manufacturing of clotting products or related services to the hemophilia community. If an individual works for a business entity that benefits either directly or indirectly from the sale of products and/or services the following must occur in order to assure one's participation:

### **Marketing (direct):**

- ✓ No distribution of public relations or marketing materials to any DAO Adventure Camp participant (i.e. staff, volunteer or program participant).
- ✓ No distribution of business cards and/or contact information methods which list/state or describe methods to contact the person via his/her regional, local, or national offices
- ✓ No wearing of company specific shirts unless previously approved by Camp Director(s)

### **Marketing (indirect):**

- ✓ No discussion with any DAO Adventure Camp participants (i.e. staff, volunteer or program participant) regarding the product and/or service of your company versus that of other competitors
- ✓ No providing participants with your contact agency on a business card and/or related materials which also has your company information listed

In the event any of the above guidelines are violated, one's respective manager/supervisor will be contacted at the conclusion of camp and made aware of this serious violation of DAO Adventure Camp policy. Secondly, the Region IX Coordinators and local camping programs in California will be notified of the employee's infraction. Thirdly, the employee, and potentially other members of the company will not be able to participate for a period of at least three years with DAO Adventure Camp. If the violation occurs during the camping experience, the individual will be asked to immediately depart from the camp site. During the camping experience the only professional staff who this policy does not pertain to are the Medical staff, during the experience they are functioning in their licensed clinical capacities - And this exclusion only applies as necessary for the performance of such duties.

If an individual has questions as they pertain to this policy, they must speak with a Camp Director prior to the arrival of campers to the program. By signing below, one indicates that there is full comprehension, clarity and understanding off the Taking Off Our Hats policy. It is further understood that by signing below that you will not violate the spirit and/or intention of this policy, you have a full understanding of the policy and that you will uphold all matters contained in this document.

I have read and understand the above policy in its entirety,

Signed \_\_\_\_\_
